***Reissue Applications***

1. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414. The oath filed on 11/27/01 recites errors in reference to new claims 28 and 29 which are no longer in the applications and therefore these are no longer errors. A new oath identifying an error which was corrected is required.
2. The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following: The oath does not state that “all errors being corrected in the reissue application up to the time of the filing of the oath or declaration arose without any deceptive intention on the part of the applicant” (37 CFR 1.175(a)(2).”
3. The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following: For any error corrected, which is not covered by an oath or declaration, i.e. any error corrected after the filing of all oaths and declarations currently in the reissue application, applicant must submit a supplemental oath or declaration (a “catch-up” oath or declaration) prior to allowance stating “Every error in the patent which was corrected in the present reissue application, and which is not covered by the prior oath(s) and/or declaration(s) submitted in this application, arose without any deceptive intention on the part of the applicant” (37CFR 1.175(b)(1)) or language equivalent thereto.

Art Unit: 3728

See above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
